NPT Male

Connector,M12MSC1/2N-316

URL:https://www.sxplc.com/npt-male-connector-m12msc1-2n-316

Product data sheet

Materials of Construction	Stainless Steel (AISI 316)
Construction Principal Item	1/2" NPT
Specification Sheet	yes
Additional Options	yes
Brand	Lenze
Configuration	Tube to Tube (Male Male)
Product Type	Instrumentation Type Tubing NPT Connector
Weight	Weight
Operating Pressure	400 bar (Max)
Minimum Operating Temperature	-40 °C
Maximum Operating Temperature	400 °C
Fluid Media Type	Water, Liquid, Fuels, Oils, Emulsions, Natural Gas (CNG), Hydrogen, Steam, Ethylene Gas
Length	50mm
Technology	Pressure Sensor
Application	Instrumentation, Industrial Automation, CNC, CAM and Laser Cutting Machines, Offshore, Control Panels, Cooling Units
Industry	Oil & Gas, Petrochemicals, Power Generation, Water/Wastewater, Pharmaceuticals, Food, Chemicals, Renewable Energy, Healthcare & Life Sciences, Metal / Stainless
Vibration	Instrumentation Vibration Sensor
Trade Name/Alias Number	Lenze-PLC
