### Product data sheet

- |   |
|---|
| • <b>Size</b> 8   |
| • <b>Design</b> for tie rods  |
| • <b>Mounting position</b> Any  |
| • <b>for piston</b> Ø125 - Ø320   |
| • <b>Corrosion resistance class (CRC)</b> 2 - Moderate corrosion stress |
| • <b>LABS (PWIS) conformity</b> VDMA24364-B2-L                          |
| • <b>Ambient temperature</b> -40 °C ... 120 °C                          |
| • <b>Tightening torque</b> ≤0.5 Nm                                      |
| • <b>Product weight</b> 14 g  |
| • <b>Type of mounting</b> Clamped                                       |
| • <b>Note on materials</b> RoHS-compliant                               |
| • <b>Housing material</b> Wrought aluminum alloy, anodized              |
| • <b>Material of screws</b> High-alloy stainless steel                  |
