

## Filter capacitor E62, Q10-104L10

URL:<https://www.sxplc.com/filter-capacitor-e62-q10-104l10>

### Product data sheet

brand

ELECTRONICON

model

E62, Q10-104L10

tolerance

20%

Rated voltage AC

42 (V)

Rated voltage DC

24 (V)

Dielectric materials

metal

Equivalent series resistance (ESR)

eighteen

Working temperature range

thirty-eight

Application scope

mechanical equipment

grade

IP8

Termination type

plug

Lead type

eighteen

Lead spacing

twenty-four

size

18 (mm)

Height - Installation (Maximum)

thirty-two

Installation type

Direct installation

Packaging/Housing

metal

characteristic

eighteen

encapsulation

twenty-four

application area
