

Solenoid valve 791N024DWD1MN00

URL: <https://www.sxplc.com/solenoid-valve-791n024dwd1mn00>

Product data sheet

Interface size: G1/4

Start: Electric control/spring

Function: Normally closed

Voltage: 24Vdc, 2W

Maximum working pressure: 10 bar

Work pressure: 1 10 bar

Working temperature: -10 60 ° C

Electrical connection: 22mm industrial standard

Manual control: Rotation lock

Material - Nuts and screws: Nickel plated steel

Main body: aluminum alloy; Die cast aluminum
