

Auxiliary switch 3VA9988-0AA11

URL:<https://www.sxplc.com/auxiliary-switch-3va9988-0aa11>

Product data sheet

Voltage

Anti impulse voltage can withstand up to 6 kV

Operating voltage/AC/50 Hz/measured value/maximum value 600 V

Operating voltage/DC hour/measured value/maximum value 250 V

Height 56 mm

Width 14 mm

Depth of 30 mm

Tightening torque/bolt connection/maximum value of 0.4 N · m

Tightening torque/bolt connection/maximum value of 0.5 N · m

Stripping degree 15 mm

Connectible wire cross-section

- Maximum value

- Maximum value

0.75 ... two point five

AWG number/as a coded and connectable wire cut/used for auxiliary contacts

- Maximum value 19

- Maximum value 14
