

Photoelectric sensor, WTF12-3P2431

URL: <https://www.sxplc.com/photoelectric-sensor-wtf12-3p2431>

Product data sheet

Functional principle	Photoelectric proximity sensor
Functional principle detail	Foreground suppression
Sensing range max.	30 mm ... 175 mm ¹⁾
Sensing range	30 mm ... 175 mm
Emitted beam	
Light source	LED ²⁾
Type of light	Visible red light
Light spot size (distance)	Ø 2 mm (60 mm)
Key LED figures	
Wave length	640 nm
Adjustment	Potentiometer, 5 turns
Special applications	Detecting flat objects
Items supplied	2 x clamps BEF-KH-W12, incl. screws
