

Hydraulic Pump **A10V028DR/31R- PSC12K01**

URL:<https://www.sxplc.com/hydraulic-pump-a10v028dr-31r-psc12k01>

Product data sheet

Pump shaft position: horizontal

Type: High pressure plunger pump

Impeller structure: semi open

Number of impeller blades: single stage

Specification: A10VO

Flow rate: 25 (m³/h)

55□8

Plunger diameter: 15 (mm)

Work pressure: 80

Speed: 1500 (r/m)

Material: cast iron

Plunger count: 9

Usage: Booster pump

Driving method: hydraulic
