

Fan □ KA2072HA2

URL: <https://www.sxplc.com/fan-ka2072ha2>

Product data sheet

Specification size: 208x208x72mm

Bearing structure: ball bearing

Voltage: AC 220□240V/110□120V/380V

Packing: separate packing box, 8 sets / box

Frame: high-grade metal magnesium alloy

Air blade: high-grade metal magnesium alloy

Bearing: High precision, long life low noise ball bearing;

Wiring method: terminal type (send original screw, terminal)

Insulation resistance: 500 megaohms or more;

Long service life, can work for 24 hours in a row
