

Cutting blade □ QD-NN2H60-25A

URL: <https://www.sxplc.com/cutting-blade-qd-nn2h60-25a>

Product data sheet

Maximum cutting depth (CDX): 60 mm

Clamp type code (MTP): C: Clamp on top of insert

Cutting Component Interface Identifiers Part 2 (CUTINT-MASTER): CoroCut QD - size H (QD-NH-0400-0002-CM)

Knife holder (SSC): H

Machine tool side adaptation interface (ADINTMS): Parting off and grooving blade - size 25

Workpiece side cutter body angle (BAWS): 0 deg

Minimum overhang (OHN): 17 mm

Maximum overhang (OHX): 60 mm

HAND: N

Type code for coolant connection (CNSC): 0: without coolant

Code for coolant outlet type (CXSC): 0: no coolant exit

Shank height (H): 31.9 mm

Functional length (LF): 150 mm

Working width (WF): 3.675 mm

Working height (HF): 25 mm

Component weight (WT): 0.1313 kg
