

Air filter AC60-N10DG-3Z-B

URL: <https://www.sxplc.com/air-filter-ac60-n10dg-3z-b>

Product data sheet

Regulator Unit Combination
Air Filter + Regulator + Lubricator
Connection Dia.
NPT1

Filter, Filtration Level
5?m
Operating Environment
Air powered tools

--

Compressed Air Quality
General Dry Air
Max. Operating Pressure(MPa)
1

Case Material
[Plastic] Polycarbonate Case
Case Guard
No

Exhaust Structure
Relief type
Flow Direction

[Standard Flow (Left to Right)] Flow Direction

Drain Cock

[Auto/Manual] N.O. (Normally Open) at non-pressurized with drain emissions

Pressure Gauge

[With Standard Pressure Gauge] Round-shaped pressure gauge (with limit indicator)

Size of Body

60

Check Valve

None

Pressure Switch

None

Residual Pressure Relief 3-Port Connection Valve

None

Set Pressure

0.05 to 0.85 MPa

Drain Outlet

With drain cock

Lubricator Oil Discharge Outlet

Lubricator with drain cock

Pressure Unit

psi, °F

T shape spacer

No attachment

Made to order specifications

None
