

Air filter AC60-N10DG-3Z-B

URL:https://www.sxplc.com/air-filter-ac60-n10dg-3z-b

Product data sheet

Regulator Unit Combination
Air Filter + Regulator + Lubricator
Connection Dia.
NPT1
Filter, Filtration Level
5?m
_
Operating Environment
Air powered tools

1/5

Compressed Air Quality	
One simil Day Air	
General Dry Air	
Max. Operating Pressure(MPa)	
1	
Case Material	
[Plastic] Polycarbonate Case	
Case Guard	
No	
Exhaust Structure	
Relief type	
Flow Direction	

Drain Cock
[Auto/Manual] N.O. (Normally Open) at non-pressurized with drain emissions
Pressure Gauge
[With Standard Pressure Gauge] Round-shaped pressure gauge (with limit indicator)
Size of Body
60
Check Valve
None
Pressure Switch
None
Residual Pressure Relief 3-Port Connection Valve

[Standard Flow (Left to Right)] Flow Direction

None
Set Pressure
0.05 to 0.85 MPa
Drain Outlet
With drain cock
Lubricator Oil Discharge Outlet
Lubricator with drain cock
Pressure Unit
psi, °F
T shape spacer
No attachment
Made to order specifications
