

151F2210 OMS 160 Hydraulik Motor

URL:<https://www.sxplc.com/151f2210-oms-160-hydraulik-motor>

Product data sheet

Manufacturer: White

Country of production: Dänemark

Condition: NEW and with original packaging

Material number: 151F2210

Type Code: No

Motorseries: O-Series

Base Engine: OMS

Swallowing volume: 160

Design number: 3

Active: Yes

Replaced with: No

Mounting Flange: Standard

Mounting Flange Dimension: No

Shaft type: Wedge profile - 14 teeth

Shaft size: 1 1/4 inch ; 3/8-16 UNC female thread

Feather: No

Connection Type: Side Connection

Connection size: 7/8 - 14 UNF

Leakage Oil Connection Type: Standard

Leakage port size: 7/16 - 20 UNF

Brake connection: No

Brake connection size: No

Paintwork: No

Special version 1: No

Special version 2: No

Special version 3: No

Dust Seal: Standard

Shaft seal: NBR - Standard

Gasket set: 151F0111

Front Bearing: Tapered Roller Bearing

Rear Bearing: Tapered Roller Bearing

Orbital set: Standard

Check Valve: Yes

Valve function: No

Internal special version 1: No

Internal Special Version 2: No

Packing: Individual packing

Options: Standard
