

## Actuator for gas valves **SKP25.003E2**

URL: <https://www.sxplc.com/actuator-for-gas-valves-skp25-003e2>

### Product data sheet

Mains voltage : 1-stage opening and closing, without end switch, with pressure governor up to 22 mbar

Gas pressure governor with safety shutoff feature : Without end switch

Mains frequency : 50...60 Hz  $\pm 6\%$

Power consumption max. : 13.5 VA

Opening time for full stroke : 6...10 s (depending on nominal valve size) (longer opening times below 0 °

C)
