Product data sheet

BW™ Max XT II is the smart, simple, economical

way to compliance. Workers feel safe and incidents are minimized

so everyone will be able to do more. That means savings realized

from business continuity and productivity. With the addition of

IntelliFlash™, this multi-gas detector offers continuous visual

confirmation of detector operation and compliance.

- Minimize costs and training with one-button operation
- More accurate sampling results with SmartSample pump technology
- Compact, comfortable and field tough

Simple operation, with SmartSample pump.

BW™ Max XT II reliably monitors up to four hazards

and combines straightforward one-button operation with our

robust, motorized pump for intelligent, remote sampling, ideal for

confined spaces. The BW™ Max XT II is fully compatible

with MicroDock II automated test and calibration system
