Product data sheet

120dB Sounder 110/230v AC - PNS-0011 (18-980551)

This high output sounder is designed for industrial applications. Connections are made to the base during the initial wiring phase which results in faster and more reliable installation. In addition, the head is fixed by quarter turn fasteners avoiding the need to screw up four individual screws thus enabling faster installation and accurate seal compression for weather proofing. IP66 as standard means that Nexus can be installed in almost any location.

Key Features

- Three alarm stages (110dB & 120dB variants)
- First-fix, wire to base technology

- IP66 rated
 - Volume control for greater flexibility - 20dB
 - 64 tones
 - Low voltage option
-
