

**5/2-directional valve, Series 581,
size 3,5813180000**

URL:<https://www.sxplc.com/5-2-directional-valve-series-581-size-3-5813180000>

Product data sheet

Activation	Electrically
Nominal flow Qn	4800 l/min
Switching principle	5/2, with spring return
Compressed air connection output	Base plate ISO 5599-1
Min. working pressure	-0.95 bar
Max. working pressure	16 bar
Actuating control	Single Solenoid
Sealing principle	Soft seal
Pilot	External, Internal
Standards	ISO 5599-1
Pilot valve width	30 mm
Valve type	Spool valve
Blocking principle	Single base plate principle
Connection type	Plate connection
Return	With spring return
Compressed air connection input	Base plate ISO 5599-1
Compressed air connection, exhaust	Base plate ISO 5599-1
